

To Whom It May Concern,

will be a volunteer at PARD Therapeutic Riding. Our volunteers work with children, adolescents and adults who live with cognitive and physical disabilities. The primary responsibilities of our volunteers will be to ensure riders mount the horses safely and then remain on the horse with confidence and stability. They will walk beside the horses and lead the horses accordingly, accommodating the varying needs of the riders.

PARD Therapeutic Riding is a not-for-profit organization located in Douro Dummer, Ontario that provides therapeutic riding to individuals of all ages, with varying disabilities. We require volunteers to provide a Police Record Check, including the Vulnerable Sector Check, prior to working with the riders participating in our program and this letter holder is one of our prospective volunteers.

Please contact me or another of our board members via the contact information below if you have any questions.

Sincerely,
